

Town of Lebanon

SOLID WASTE DISPOSAL ORDINANCE

I. Purpose and Authority

1. The purpose of this Solid Waste ordinance is to protect the health, safety and general well-being of the citizens of the Town; to enhance and maintain the quality of the environment; conserve natural resources; prevent water and air pollution; gain management control over solid waste; and enable the reclamation of natural resources, including energy, from solid wastes by providing a comprehensive, rational and effective means of regulating the disposal of solid waste generated in the Town of Lebanon.
2. This ordinance is enacted in accordance with the authority granted to the Town within State law under 30-A M.R.S.A §§ 3001 and 38 M.R.S.A §§ 1304-B and 1305, as amended from time to time.

II. Definitions - As used in this ordinance, the following terms shall have the following meanings:

Abandoned Vehicle: Any gasoline, diesel or electric powered equipment, or part thereof, originally designed for carrying persons or goods for commercial, business, private or recreational purposes, which is:

- A. No longer used for the purpose originally intended;
- B. Has not been converted to another commercial, business, private, or recreational vehicular use;
- C. Is not exempted or regulated under existing state or federal law; or
- D. Has been left out in the elements to deteriorate.

It includes, but is not limited to, automobiles, trucks, buses, campers, trailers, boats, snowmobiles, jet skis and ATVs.

Acceptable Waste: Household Waste, Municipal Waste, Construction/Demolition Debris, White Goods, Brown Goods, and Wood Waste provided it is separated into categories as determined by the Transfer Station's Operations Manual and is delivered in quantities reasonably expected to be generated or collected by the delivering entity. It does not include Hazardous Waste, Special Waste, Biomedical Waste, Agricultural Waste, Land Clearing Debris or Industrial Waste.

Agricultural Waste: As defined in Maine Department of Environmental Protection ("DEP") regulations, 06-096 C.M.R. Ch. 400, Sec. 1(D) as may be amended from time to time, Solid Waste that results from "agricultural activities," as defined in 38 M.R.S.A. § 361-A(1-B), which are returned to the soil as fertilizers. It includes waste pesticides when generated by a farmer, provided that he/she triple rinses each emptied pesticide container in accordance with DEP regulations and disposes of the pesticide residues in a manner consistent with the disposal instructions on the pesticide label. It does not include any materials regulated as a residual under Chapter 419 of the Department's Regulations. This is also referred to as "waste resulting from agricultural activities" in 38 M.R.S.A. § 1303-C(45),

as may be amended from time to time.

Ashes: Residue from burning wood, coal, coke, or other combustible material.

Biomedical Waste: Special Waste as defined in regulations promulgated by the DEP in 06-096 C.M.R. Ch. 900, as may be amended from time to time.

Brown Goods: Small household appliances including, but not limited to, radios, televisions, sound systems, and other small electric or electronic appliances or devices.

Collection Facility: The Collection Facility is the designated storage disposal site for Solid Wastes that are to be compacted and shipped to the Waste Management Facility.

Commercial Waste Hauler: Any person, firm, partnership, association, corporation or other legal entity that collects, transports and disposes of Solid Waste for a fee as herein prescribed.

Commercial Waste: Solid Waste generated by businesses, stores, offices, restaurants, warehouses and other manufacturing or processing activities with more than 10 employees. The Town of Lebanon is exempt from this definition.

Composting: The biological decomposition and stabilization of organic matter under controlled aerobic conditions of high temperature.

Construction/Demolition Debris: The debris resulting from construction, remodeling, repair, and demolition of structures, excluding asbestos, paints, and chemicals, regardless of their being a by-product of such activity.

Contractor: Any individual, company, or corporation hired to provide a service for a fee, including but not limited to: roofing, siding, window replacement, general carpentry and repair, landscaping or tree and brush removal.

Disposal: The discharge, deposit, dumping or placing of any Solid Waste into or on any land or body of water, or the incineration of any Solid Waste.

Garbage: All table refuse, animal and vegetable matter, offal from meat, fish, and fowls, vegetables and fruits and parts thereof, and other articles and materials ordinarily used for food and which have become unfit for such use or composting, for which reasons they are discarded.

Hazardous Waste: Waste in any physical state, designated as hazardous by the Maine Board of Environmental Protection under 38 M.R.S.A. § 1319-O. It does not include Waste resulting from normal household or agricultural activities. The fact a hazardous waste or part or a constituent may have value or other use or may be sold or exchanged does not exclude it from this definition. Waste with inherent properties which make such waste dangerous to manage by ordinary means, including, but not limited to: chemicals, explosives, pathological Wastes, radioactive wastes, toxic wastes or any other wastes defined as hazardous by Federal, State or Local laws, regulations or orders.

Household Waste: Refuse that is generated by common domestic activities. It does not include Construction/Demolition Debris, masonry debris, Wood Waste, Landscape Refuse, household furniture, White Goods or Brown Goods.

Industrial Waste: Solid Waste generated by manufacturing or processing activities. It does not include Household Waste, Commercial Waste or Special Waste.

Inert Fill: A clean solid material, including rocks, bricks, and cured concrete, which is not mixed with other Solid Waste or liquid Waste, and which is not derived from an ore mining activity.

Land Clearing Debris: Solid Waste resulting from the clearing of land and consisting solely of brush, stumps, soil material and rocks.

Landscape Refuse: Grass, leaves, plant cuttings, garden waste, shrubs, branches, trees and wood, whether finished or unfinished. It does not include Construction/Demolition Debris, Land Clearing Debris, plastic bags or other plastic containers used to collect, store or transport Landscape Refuse.

Liquid Wastes: All unwanted or discarded material with sufficient liquid content to be free flowing. This includes, but is not limited to: gasoline, kerosene, diesel fuel, antifreeze, solvents, hydraulic oil, transmission fluid, paint, septic tank waste or any other liquids containing chemicals that may be harmful to the environment.

Municipality: The Town of Lebanon, Maine.

Municipal Waste: Solid Waste generated by municipal activities, with insufficient liquid to be free flowing. It shall not include Unacceptable Waste or material required by this Ordinance to be either recycled or disposed of separately.

Owner: The actual owner of the land and/or buildings, whether an individual, partnership or corporation, or the agent of the owner, or other person having custody of the land or building or to whom the rent is paid.

Person: Any individual, partnership, association, firm, company, corporation, department, agency, group (including a city, town, county, state, federal or other government unit), or any other entity responsible in any way for an activity subject to this Ordinance.

Recyclable: Materials which the town is separating as part of its recycling program, including but not limited to; glass, tin cans, aluminum cans, plastics, reusable (furniture, appliances, tools, toys, and other equipment).

Recyclable Waste: Solid Waste, which when properly segregated, can be recovered, reused, or recycled. It shall include newspapers, corrugated box material, plastic, glass and metal containers, scrap metal, waste oil, mixed paper, automotive batteries, White Goods, and other materials deemed recyclable by the Town.

Recycling Center: The area designated as the storage site for those items that have been designated as recyclable.

Resident: Any person who lives in the Town, either on a permanent or seasonal basis.

Rubbish: All miscellaneous waste material, not otherwise included herein, resulting from the ordinary conduct of business or housekeeping.

Scrap Metal: Bicycles, metal shelving, tire rims, wood stoves, snow blowers, lawnmowers, and other metal Solid Waste. It shall not include junk cars, trucks, motor vehicles, or White Goods.

Secured: With respect to carrying Rubbish in open-bodied vehicles or vehicles with trailers, the use of a canvas, tarpaulin, strapping, or other covering of sufficient strength and size to adequately cover and/or contain the load being transported, being affixed to the vehicle in

such a fashion as to prevent spillage.

Solid Waste: Useless, unwanted or discarded solid material with insufficient liquid content to be free flowing, including by way of example and not by limitation: Rubbish, Garbage, refuse-derived fuel, Scrap Metal, junk, refuse, Inert Fill and Landscape Refuse. It shall not include sludge from air or water pollution control facilities, septic tank sludge or Agricultural Waste. The fact that Solid Waste, or any part of or constituent of the waste, may have value or other use, or may be recycled, sold or exchanged, does not exclude it from the definition of Solid Waste.

Special Waste: As defined in 38 M.R.S.A. § 1303-C(34), as may be amended from time to time, any non-Hazardous Waste generated by sources other than domestic and typical commercial establishments that exists in such an unusual quantity or in such a chemical or physical state, or any combination thereof, which may disrupt or impair effective waste management or threaten the public health, human safety or the environment and requires special handling, transportation and disposal procedures. It includes, but is not limited to:

- A. Oil (except for used motor oil), coal, wood and multi-fuel boiler and incinerator ash;
- B. Industrial Waste and processed Industrial Waste;
- C. Wastewater treatment plant sludge, paper mill sludge and other sludge waste;
- D. Debris and residuals from non-hazardous chemical spills and cleanup of those spills;
- E. Contaminated soils and dredge spoils;
- F. Asbestos and asbestos-containing waste;
- G. Sand blast grit and non-liquid paint waste;
- H. Medical and other potentially infectious or pathogenic waste;
- I. High and low PH waste;
- J. Spent filter media residue;
- K. Shredder residue; and
- L. Other waste designated by the Town, through this Ordinance.

Town: The Town of Lebanon, County of York, State of Maine.

Transfer Station: Facility in the Town constructed and managed for storage and placement of Acceptable Waste in large containers or vehicles for movement to another Disposal Facility. It includes the collection facility and the recycling center.

Tree and Brush Waste: Trees or limbs that are 18 inches or less in diameter with a maximum length of 8 feet or less. Also included in this definition is brush from tree pruning or from woody plant growth. It shall not include tree stumps.

Unacceptable Waste: That portion of Solid Waste which is not Acceptable Waste and includes, but is not limited to, sewage and its derivatives, special nuclear or by-product materials within the meaning of the Atomic Energy Act of 1954, as amended, and Hazardous Waste and Special Waste, or any other waste determined to be unacceptable by the Town or its authorized agents. The following materials will normally not be accepted for disposal at the waste disposal facility.

- A. Any asbestos material
- B. Barrels or cans with liquid contents in them (contents must be removed)

- C. Liquid wastes, (except for used motor oil)
- D. Dead animals or parts thereof (including animal wastes)
- E. Ammunition/explosives
- F. Chemicals
- G. Pathological wastes
- H. Pesticides
- I. Other hazardous wastes
- J. Other materials as designated by the Board of Selectmen
- K. As acceptable storage or disposal means become available, the Selectmen may change the above list of materials that are, normally, not accepted at the Waste Disposal Facility.

Waste: Items, materials or substances delivered to a Disposal Facility by the Town, its employees, agents or contractors.

Waste Disposal Facility: The area designated as the storage site for wastes generated in the municipality.

White goods: Any appliance surrounded by metal, such as a refrigerator, stove, washing machine, dryer, or water heater.

Wood Waste: Lumber and wood furniture free of large metal attachments, roofing shingles, gypsum board or any other material reducing the acceptability as boiler fuel.

III. Designation

In accordance with the provisions of 38 M.R.S.A. SS 1304-B, the Town hereby designates the Lebanon Maine Transfer Facility located on Merchants Row as its Waste Disposal Facility for the purposes cited in Section 1 of this ordinance. Disposal of any acceptable waste within the Town of Lebanon, must be at the designated facility; provided, however, the owner of any lot, or any other person with permission of the lot owner, may dispose of inert substances such as earth, rocks, concrete or similar material at such lot for fill purposes only, subject to state or local land use regulations.

IV. Administration

1. This ordinance shall be administered by the Board of Selectmen. They shall:
 - A. Adopt reasonable rules and regulations as needed to enforce this ordinance
 - B. Consider all license applications and grant or deny each application within 60 days after receipt of a completed application at the municipal offices or within such other time as they and the applicant shall agree is reasonable
 - C. Review any alleged violation of this ordinance, and to impose appropriate penalties thereof after notice and hearing as required by this ordinance
 - D. Institute necessary proceedings, either legal or equitable, to enforce this ordinance
2. The accumulation, collection, transportation and disposal of wastes generated within the Town of Lebanon shall be regulated in the following manner:
 - A. The Board of Selectmen may establish by policy, the rules and regulations governing the

availability and use of the Transfer Station. The operation of the Transfer Station shall conform to all pertinent regulations and directives of all local, county, state or federal agencies that may have jurisdiction. It shall be the duty of the Transfer Station Attendants to enforce the provisions of this Ordinance.

- B. Upon reviewing recommendations made by the Transfer Station Attendants, the Board of Selectmen may establish, by order, schedules of waste disposal charges. Any user fees are to approximate the total cost of disposal of such items. All schedules shall be kept on file in the Town Clerk's office.
- C. The Transfer Station Attendants shall report to the Selectmen and be given such authority as deemed necessary for the purpose of upholding state and federal solid waste management laws, rules and regulations, the provisions of this Ordinance, and any rules made in accordance with this Ordinance.
- D. From and after the effective date of this Ordinance, it shall be unlawful for any Person to accumulate or permanently dispose of, within the corporate limits of the Town, Abandoned Vehicles, Garbage, refuse, Rubbish, combustible or incombustible refuse, White Goods, Brown Goods, Recyclable Waste, reusable material or other Solid Waste, excepting Inert Fill, compost and other material, for which specific permission has been granted by the Town. Failure to remove any existing accumulation of Garbage, refuse, Recyclable Waste, Rubbish, Abandoned Vehicles or other Solid Waste within thirty (30) days after the effective date of this Ordinance shall be deemed in violation of this section of the Ordinance.
- E. No person shall deposit any material or wastes on any private or public properties without authorization by the property owner.
- F. No person, firm, business, or corporation shall deposit any waste material at the Transfer Station that comes from outside the Town of Lebanon.
- G. No waste material which might cause litter, constitute a fire hazard, or be attractive to rodents or insects shall be allowed to be stored outdoors unless enclosed in containers adequate to eliminate such hazards.
- H. No person other than residents or property owners of the Town of Lebanon, and no firm, business, corporation, or other legal entity not located in the Municipality shall deposit any waste material at the Transfer Station without first having obtained a permit or license to do so from the Municipal Officers.
- I. To reduce costs and to adhere to State and Federal environmental regulations, it is highly recommended that wastes be separated at the waste disposal facility.
- J. The owner of any lot, or any Person with the permission of the lot owner and the Code Enforcement Officer, may deposit or dump Inert Fill or similar material for fill purposes only, subject to state and/or local land use regulations

V. Authorized Use of the Transfer Station

1. The availability and use of the Transfer Station shall be limited to Residents and/or property

owners of the Town, or their contractors, for the sole purpose of disposing of Solid Waste generated within the Town.

2. All vehicles utilizing the Transfer Station must display a valid Transfer Station permit. Permits are issued annually, valid for one year. Permits are available at the Municipal Office. Proof of residency or property ownership is required in order to acquire a permit. Verification shall be made by showing a valid vehicle registration, or for non-resident property owners, a Lebanon property tax bill, and proof of residency elsewhere.
3. Non-resident contractors must provide a letter or contract from the Resident for whom the work is being done to include the name, address, telephone number and a description of the work being conducted in the Town of Lebanon prior to their being allowed to dispose of Acceptable Waste. This in no way removes the responsibility of any disposal fees due from the contractor.
4. Commercial waste must be disposed of at a licensed disposal facility. Tipping fees are the responsibility of the owner. Resident commercial haulers shall be exempt from this provision.
5. Federal agencies, state agencies, and non-profit organizations may bring Recyclable Waste to the Transfer Station.

VI. Recycling Program

1. Recyclable materials constitute a good portion of the solid waste stream and when properly handled, and can help defray the Town's cost of waste disposal.
2. All recyclable materials shall be deposited at the Recycling Center. Materials shall be clean and free of any food, oil, or chemical contamination.
3. To encourage recycling, all commercial haulers shall be required to provide a recyclable materials pickup at least weekly and deposit such at the Recycling Center.

VII. Transfer Station Facility

1. Only wastes that are to be compacted and shipped to Waste Management's Turnkey Landfill shall be deposited at the Collection Facility. All other acceptable wastes or recyclable materials shall be deposited at the recycling areas or open bins in accordance with Transfer Station policy.
2. The following wastes are unacceptable and shall not be disposed of at the Transfer Station:
 - A. Abandoned or junk vehicles, trailers
 - B. Hazardous waste
 - C. Putrefied waste

- D. * Pathological waste
- E. Water treatment residues or by-products of any kind
- F. Tree stumps
- G. Tannery and sewer sludge of any kind
- H. Waste oil or solvents
- I. Liquid wastes or sludge
- J. Pesticides and other organic fluids
- K. Firearms, ammunition, and explosives
- L. Other waste which is in the good faith judgment of Transfer station attendants could (a) reasonably be expected to cause jam-ups, slowdowns, stoppages, failures or damage to the facility, (b) is an item similar in kind or effect to those enumerated above
- M. Any wastes deemed unacceptable for processing at the facility by federal, state or local law, ordinance, regulation rule or order

VIII. Property Rights

1. Prior to disposal of waste into the compactor, the Transfer Station Attendant at his/her discretion may open the bag to ensure all contents are acceptable waste. All acceptable waste collected for transfer shall become the property of the Town. No one may salvage, remove or carry off any such waste without prior approval of the Board of Selectmen or its designee.

IX. Licensing of Commercial Haulers

1. Any person, firm, corporation, institution, industry or business that collects, transports or disposes of acceptable waste or unacceptable waste (i.e., solid waste, garbage, swill, offal, rubbish, scrap metals, junk, refuse, inert fill material, landscape refuse or other like waste substances) generated within Town limits, other than a self-hauler handling only materials generated by the hauler, must first obtain a Commercial Waste Hauler's license from the Town.
2. Any person or other entity required by this ordinance to obtain a Commercial Waste Hauler's license shall make application to the Board of Selectmen on an annual basis, providing the information required on the proper form approved by the Selectmen. Each application shall be accompanied by a nonrefundable application fee of \$25.00.
3. The application shall contain all information required by the Board of Selectmen, including, but not limited to:
 - A. A description of the activity, e.g. collection, transport, or disposal of acceptable and/or unacceptable waste
 - B. The type and amount of waste handled in each service area
 - C. A description of the facility operated and used, and an equipment inventory, including, for vehicles, a description of the make, model and year of each vehicle used for the collection or transportation of solid waste, which information shall be revised annually

upon license renewal.

- D. Copy of current vehicle registration(s) for any vehicle to be used along with proof of insurance for each vehicle.
 - E. Copy(s) of State of Maine Department of Environmental Protection Non-Hazardous Waste Transporters License if applicable.
 - F. A signature by applicant as verification that he/she has read, understands and will abide by all provisions of this Ordinance.
 - G. A signed affidavit that the Commercial Hauler will only deposit waste collected within the Town of Lebanon at the Lebanon Transfer Station.
 - H. If the Board of Selectmen determines the application to be incomplete, they shall notify the applicant in writing of the specific information necessary to complete it. The Board of Selectmen shall be informed immediately of any changes in, or additions to equipment, including vehicles.
- 4. Licenses are not transferable.
 - 5. Trucks or other vehicles used for the transportation of Garbage or other Solid Waste mixed with refuse shall be of the compactor type; water tight, with an enclosed cargo space. Collection of dry refuse, Rubbish, Recyclable Waste and other Solid Waste is permitted in open trucks. No trucks or other vehicles shall be permitted to scatter any of the contents on the streets, highways, or roads of the Town. Trucks used to haul Garbage, refuse, Recyclable Waste, Rubbish or other Solid Waste over the streets of the Town must be maintained in a clean and sanitary condition and shall meet all the requirements of the Town or appropriate State agency where applicable. No such container or vehicle shall be permitted to become foul or offensive.
 - 6. Commercial Waste Haulers who are residents of the Town of Lebanon shall be allowed to deposit Household waste at the Towns Collection Facility. Times are to be scheduled as to cause the least interference with deposit flow by Town residents.
 - 7. Non-resident Commercial Waste Haulers shall deposit all Household Waste, Commercial Waste and acceptable Industrial Waste generated within the boundaries of the Town at a licensed Disposal Facility. Tipping fees are the responsibility of the Commercial Hauler. The Town shall not be responsible for the collection, transportation or disposal of any Household Waste, Commercial Waste, Industrial Waste, or Unacceptable Waste.
 - 8. In the event the Board of Selectmen denies a license application, they shall notify the applicant in writing and shall state the reasons for the denial. The applicant may request a public hearing in accordance with the procedures in Section XI.
 - 9. In the event the Board of Selectmen grants a license application, the applicant shall pay a permit fee of \$100.00 for each vehicle licensed. This fee is in addition to the application fee. The permit stamp or decal shall be affixed to each vehicle licensed, such stamp or decal to be obtained from the Town and affixed as instructed. The Board of Selectmen may prorate this fee where appropriate. The Board of Selectmen may not refund any portion of this fee if the license is suspended or revoked.
 - 10. The Board of Selectmen may grant a special license to a licensee for a limited period and

upon such terms and conditions as it deems appropriate using a procedure that it deems appropriate for a replacement vehicle in the event of an emergency or a vehicle breakdown.

11. The Board of Selectmen may deny a license application upon a finding that applicant:
 - A. Does not have the financial capacity and technical ability to conduct the activity described in the application
 - B. Has not made adequate provision for the control of offensive odors, or has not made adequate provision to prevent air and water pollution
 - C. Has not previously secured any necessary state or federal permits
 - D. Failure to respond within 14 days of an inquiry shall be reason for denial
 - E. Failure to transport waste loads in in such a way as to prevent any spillage on public ways
 - F. Has failed to comply with any other provisions of this ordinance
12. Any license issued may be suspended or revoked by order of the Selectmen after benefit of a hearing in accordance with the procedures in Section XI, for the following causes:
 - A. Violation of this ordinance
 - B. Violation of any provision of any state or local law, ordinance, code or regulation which relates directly to the provisions of this ordinance
 - C. Violation of any license condition
 - D. Falsehoods, misrepresentations or omissions in the license application

X. Disposal of Construction/Demolition Debris

1. Only residents of the Town and owners of property located within the Town may dispose of Construction/Demolition Debris at the Transfer Station.
2. Disposal of Construction/Demolition Debris shall occur in accordance with the policies of the Transfer Station and only in the presence of a Town employee or agent.
3. Contaminated Construction/Demolition Debris, cannot be deposited at the Transfer Station. The Town shall not be responsible for any costs incurred with the disposal of contaminated Construction/Demolition Debris.

XI. Hearings

1. Anyone denied a license or whose license is suspended or revoked pursuant to Section IX is entitled to a public hearing before the Board of Selectmen, if such request is made in writing within 10 days of the denial, suspension or revocation. Such hearings shall be held within thirty (30) days after receipt of the written request for a hearing.
2. The licensee or applicant shall be notified in writing as to the time and place of the hearing at least ten (10) days prior to the hearing date. The applicant or licensee has the right to be represented by counsel, to offer evidence, and to cross-examine witnesses. But the hearing is not subject to rules of evidence or formal rules for Adjudicatory proceedings.
3. A determination shall be made by the Board of Selectmen within ten (10) days after the

conclusion of the hearing, and notice of the decision shall be served upon the applicant or licensee by registered mail, return receipt requested.

4. The Board of Selectmen's final determination relative to the denial or suspension or revocation of a license and the period of suspension or revocation shall take effect as provided in the notice unless, at the time of final determination, the Board of Selectmen made it effective immediately. The Board of Selectmen's determination shall set forth the reasons for the denial, suspension or revocation and the effective dates thereof together with a statement that such decision may be appealed as provided in this ordinance.
5. Any controversy or claim arising out of or relating to the Board of Selectmen's determination may be appealed to Superior Court pursuant to M.R. Civ. Procedure, Rule 80B, within thirty (30) days after the Board of Selectmen's final determination.

XII. Enforcement; Penalties

1. Any person violating any provision of this Ordinance commits a civil violation shall:
 - A. Be subject to a forfeiture of not less than \$100.00 nor more than \$500.00. Each day of violation constitutes a separate offense. Any violation is deemed to be a nuisance. In addition, the Town may seek equitable relief, including, but not limited to, injunctive relief and attorney's fees and costs, to ensure compliance with the terms of this Ordinance.
 - B. Pay the actual costs to remove and dispose of Solid Waste deposited in violation of this Ordinance.
 - C. Pay for any damages to the Town's facilities or equipment caused by said violation.
 - D. Be prohibited from using the Transfer Station for a period of six (6) months, after notice and hearing by the Selectmen and consultation with the lead Transfer Station Attendant. An appeal of this prohibition may be made to the Board of Selectmen within fourteen (14) days from the notice upon request. Furthermore, an aggrieved party may appeal to Superior Court, pursuant to Rule 80B of the Maine Rules of Civil Procedure.
 - E. The fine for violation of this Ordinance is as set forth in the Town's fine and fee schedule.

XIII. Exemptions

1. This Ordinance in no way prevents any property owner, business or corporation from disposing of any materials or wastes on their own property that is allowed by state or federal laws, rules, or regulation.

XIV. Conflict/Severability

1. This ordinance specifically repeals the "Garbage and Rubbish Ordinance" of March 14, 1970 and the "Lebanon Solid Waste Disposal Control Ordinance" of March 12, 1988.

2. The provisions of this law shall supersede all other local laws, ordinances, resolutions, rules or regulations contrary thereto, or in conflict therewith.
3. The provisions of this ordinance shall be severable and if any phrase, clause, sentence or provision, or the application thereof to any person or circumstances shall be held invalid, the remainder of this ordinance and the application thereof shall not be affected thereby.

XV. Effective Date

1. This Ordinance shall become effective on the date of adoption. Any person, firm or corporation required to obtain a license hereunder shall have sixty (60) days from the date of adoption of this ordinance to secure such license, which shall become effective on the date specified therein.
